ACCESS TO HEALTH SERVICES | MATERNAL HEALTH | INFANT MORTALITY | MOBILE HEALTH UNITS | EMERGENCY TRANSPORT | TRADITIONAL STRETCHERS | PATIENT POSITIONING | WATER TRANSPORT | THE THREE-DELAY MODEL | MOTOR-CYCLE AMBULANCES | SKILLED BIRTH ATTENDANCE | ACCESS TO FAMILY PLANNING CONCEPTS AND SERVICES | BICYCLE AMBULANCES | EMERGENCY OBSTETRIC CARE | SAFE TRANSPORT OF CRITICAL PATIENTS | TRAIL BRIDGES | IMPACT OF ROADS ON HEALTH | SPECIAL FOCUS ON VULNERABLE GROUPS

SHARING research findings

STIMULATING debate

BUILDING partnerships

DEVELOPING a global strategy for change

The Mobility and Health international networked research programme (2005-2007) explored the links between mobility and health for poor communities in developing countries in Africa, Asia and Latin America. The culmination of this programme is the International Networked Research Forum, a series of interlinked events, bringing together researchers, practitioners and policy makers to bridge the gap between the health and transport sectors.

27 - 29 Oct ... **International Research Seminar** *
* By invitation only

31 Oct am ... **International Panel**
Introducing new evidence to promote partnerships in health and transport

31 Oct pm ... **International Workshop**
Developing a global strategy for change

The international panel and workshop are hosted by the Global Forum for Health Research. Find our stand in the Marketplace from 29 October – 1 November 2007.
